Map—The Territory of Hong Kong	

INTRODUCTION

The people of Hong Kong make some 10 million passenger journeys a day on the territory's comprehensive and efficient public transport network at relatively low costs.

The Transport Department is publishing this service guide for the 13th year. The guide contains information on our railway, bus, tram, minibuses, taxi and ferry services. It aims to help passengers in planning their journeys. At the same time, we also encourage major transport operators to provide service information to commuters.

In this Guide, Part 1 contains the telephone numbers which passengers may use to make enquiries about public transport services.

Part 2 is an index of the services provided by franchised bus operators.

Part 3 is an index of public transport information grouped by area to help passengers identify the most convenient public transport routes for any particular journey.

Part 4 gives detail on the routes, fares, journey distances, first and last departure times, headways and journey times of scheduled public transport services.

Part 5 shows the urban and New Territories taxi fares.

A map of Hong Kong is displayed in Part 6 of this Guide.

This Guide is revised annually. Passengers should contact the operators direct through the enquiry hotlines for the latest service information.
